

Styles of early Spring

You may search the globe and you'll not find such style with the same quality, nor such fine quality with the price as you'll find in the new spring lines of

Hart, Schaffner & Marx Clothes

And that is because world-wide experience, search of markets for best materials, and study of styles have gone into the design and making of them. The new suits are nearly all in 3 pieces so that a new suit is not needed for the mainland trip. Tweeds, serges and worsteds, half-lined with silk, and beautifully made.

Why Goodyear Tires Cost Less in the End

ONE reason for Goodyear leadership and for the growth of Goodyear sales is this:

Buyers have found that the tire of lower price is not necessarily the tire of lowest cost.

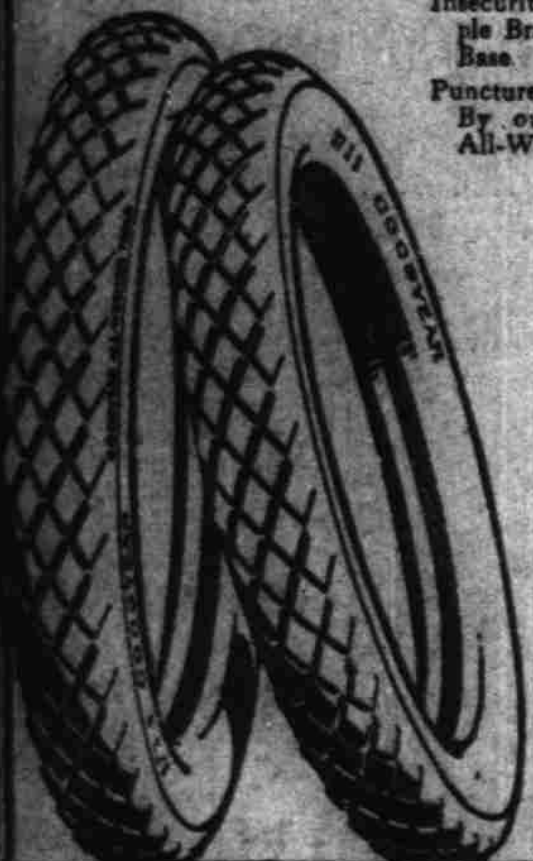

Service and mileage, with the least trouble and expense, are the things that all men seek in tires.

The tire buyers of America have learned that true economy in tires, as in everything else, is a matter of service, not price; and that Goodyear Tires do give better service and do cost less in the end.

GOODYEAR TIRES

Easy to get from Goodyear Service Station Dealers Everywhere

Goodyear No-Hook Tires are fortified against:
Rim-cutting—By our No-Rim-Cut feature.
Blow-outs—By our On-Air Cure.
Loose Treads—By our Rubber Rivets.
Insecurity—By our Multiple Braided Piano Wire Base.
Punctures and Skidding—By our Double-Thick All-Weather Tread.

BOSTON VETERAN Y. MAN PRAISES HONOLULU WORK

"I believe that I have been a member of the Y. M. C. A. longer than any other person in Hawaii," says Arthur W. Sawyer, former president of the Boston Y. M. C. A., who is visiting here. "I joined the association in 1886 and at that time we had but three rooms. The association has surely shown a wonderful growth since I first became a member."

Mr. Sawyer was president of the Boston Y. M. C. A. for two years and has been identified with association work for a number of years. He has watched the Boston association grow to the largest in the country, and has closely followed every step made by the organization. He states that the Boston association was the first in the United States. It was established in 1851.

Mr. Sawyer was seated in the lobby of the Y. M. C. A. this morning and was very favorably impressed with the number of sailors who entered the building. "Good work. That is what I like to see. It does me good to see the boys from the navy make themselves at home in the Y. M. C. A.," he said.

"Honolulu can feel proud of her association and I wish to state that it is wonderfully equipped. It is up to date in every respect, and although I am sure Paul Super will be missed, you have an organization worthy to carry on the work. I like Honolulu and in my travels must place it on the list of places to which I would like to return," concluded Mr. Sawyer.

TRUE REPORTS

Of course the reports that Dr. Clemmens always satisfies his patients are all absolutely true. His office in the Bleisdel Building on Fort street is open from 8 in the morning until 5 in the afternoon.—Adv.

FEBRUARY BUILDING PERMITS SHOW BIG GAIN OVER YEAR AGO

Honolulu is building faster than any city on the mainland, Supervisor Shingle said at Monday's meeting. "It is growing two or three times as fast as all the rest of the islands put together," he declared.

Apparently his estimates have a sound foundation, for figures compiled by Henry Freitas, building inspector, show that the February building permits total more than 72 per cent over the permits for the same month last year. This month, to noon today, they run to \$158,558.10. Last February they totaled \$91,971.

ONLY 19 DIVORCES FILED LAST MONTH

Honolulu's marital tangles took a somewhat noticeable slump in February, only 19 divorce cases being filed in circuit court during the month. In January 23 cases were filed, and, during the last few months in 1915, the actions ran as high as one a day. No divorces were filed today, the last action in February having been instituted last Monday.

German troops are breaking up portions of the local railways in Belgium, requisitioning the cars and locomotives.

Fort Shafter Notes

(Special Star-Bulletin Correspondence)
FORT SHAFTER, Feb. 28.—Work on the target range will commence on March 1 and will be continued until completed. Lieut. A. K. Polhemus, 2nd Infantry, has been detailed as range officer and commencing Wednesday two non-commissioned officers and 20 privates are ordered to report to him daily for the purpose of clearing the range generally. As the range has not been used for several months it is at present covered with much underbrush, but as the target season does not commence until April 1st it will be in excellent condition by that date.

Fort Shafter looks like the "Deserted Village" after the departure of the Schofield troops, which was completed today. The troops have been in camp at the fort for the past 10 days for the Carnival, but except for a few details left behind for police purposes all have departed for their home stations. The 25th, which was camped near the party to the east of the cantonment, left at 8:30 on Saturday morning. The 1st Artillery, which was camped on the Signal Corps drill ground left on Sunday morning at 10 o'clock and the 1st Infantry, which was camped in rear of post headquarters building, left at 8:30 on Sunday. All troops except the 1st Artillery went by rail. The artillery made the march to Schofield in one day. During their stay at the fort many families were visitors at Shafter while many more were in Honolulu.

Mansfield Camp of the United Spanish War Veterans gave one of their delightful Friday night dances in their big hall at the fort on Friday evening in honor of the visiting soldiers and their families from Schofield Barracks. Over 300 were in attendance and every one spent a most delightful evening. The music was furnished by the Kaimuki glee club, and was thoroughly enjoyed by all. A goodly number of town folks came out to enjoy the evening, as these dances are becoming quite a social event at Mansfield Hall. Too much praise can not be given to the committee in charge for their efforts to make all attending enjoy themselves. Dancing continued until 11:30 p. m. and delicious refreshments were served during the evening.

The troops at the fort will be reviewed, inspected and mustered on Tuesday morning at 8 o'clock. The formation will be from right to left as follows: The 2nd Infantry in line of masses, Company I, 3rd Battalion of Engineers in columns of platoons; Field Company E, Signal Corps, in column of platoons. Lieut. Colonel B. W. Atkinson, 2nd Infantry, will command the troops. The uniform will be garrison, and the review will take place on the main parade.

ARMY ORDERS

Col. Daniel Howell, 1st Infantry, has been transferred to the 2nd Infantry, the order to be effective March 12.

Pvt. William C. Schwarz, Company M, 1st Infantry, Schofield Barracks, is transferred to the quartermaster corps at that post.

Sgt. First Class Chester C. Walters of the hospital corps, Fort Shafter, is to be sent to Fort McDowell on the first available transport for discharge.

YOUNG JAPANESE WOULD WORK FOR WOMAN ATTORNEY

"I'm Certainly Surprised and Odd to Hear Ladies Becoming Lawyers," He Says

Miss Marguerite Ashford, Honolulu's newest attorney, already is receiving letters from local persons applying for the position as her "runner," to use a local legal term, or office boy. Although Miss Ashford has not yet opened an office she expects to do so soon, as "business is rather good," she says.

One of the late job-seeking epistles comes from a Japanese boy who, it appears, never was graduated from McKinley high school. "Allow me to write you this letter for which I am cancelled enough to think that you will be glad to hear my few intentions which I am going to rely upon you," this youthful aspirant begins.

He continues as follows: "Observing in the newspapers that you have passed the bar examination in law, in which I'm certainly surprised and odd to hear ladies becoming lawyers, although I'm your stranger, permit me to congratulate you," it continues.

Wants More Ability.

"I wish you will likely please employ me as your office boy if you are in need or necessary of. The reason why I'm inquiring you this office-boy work is nothing anything else but because I'm taking and studying the extension law courses, and for in which I do hope if I can find any work in law offices I may obtain some essential elements in law and a profitable education. So you see what is my desire for willing to work in law offices, not for wages money I'm niggardly aiming for, but merely for the petty sake of obtaining more ability in studying law."

"I wouldn't mind how much little you pay me for the wages, even free, if you could render me the job. It affords me much pleasure and happiness to forward these few lines, and I feel that I already have your warm affectionate answer in which you have rendered me the job."

"I trust that you will write me sooner or later about this circumstance. I herewith inclosed two cent stamps for which I hope it may help you in answering."

on account of habits and traits of character which render him unsuited for military service.

Maj. Joseph B. Douglas, C. A. C., is relieved from duty at Fort Kamehameha and is sent to Fort De Russy as fort commander.

Pvt. John Birackonch, Troop G, 4th Cavalry, is transferred to 143rd Company, C. A. C., and will proceed to Fort Kamehameha.

Pvt. Trezervant T. Timmons, Company G, 1st Infantry, will be sent to Fort McDowell for discharge because of fraudulent enlistment.

First Lieut. Lester D. Baker, infantry, unassigned, aide-de-camp to General John P. Wisner, is attached to the 2nd Infantry until further orders.

Germany has put into effect a law confiscating the greater part of all textile products.
